With correct press release now...

Hi all,

ACTION ITEMS: Just a friendly reminder to send any edits to the attached Anniversary press release today. Please also include a quote from your governor. We also want to try to aggregate a few figures so would appreciate each state sending the following figures for the last year (June 2017-2018 if you can; calendar year if not). Please prioritize the figures over your update of your state policy fact sheets.

- # of MW installed or committed to
- Actions taken over the last year to get more ZEVs on the road, especially any quantitative targets you have (e.g. incentives put in place to help mobilizing 300,000 ZEVs)

Below is the agenda for our call tomorrow 5/25 at 2pm ET.
